

Annotations:

1. The Top of the site will contain top navigation taking into consideration a drop-down type of menu if needed, Login and Sign Up buttons and new logo sample.
2. The "Slider jQuery Animation" will contain images or stills of scans, processes, or recreated samples. I was thinking of implementing a jQuery slider that has 3D animation capability that is compatible with all browsers and platforms so the site is not static.
3. The 3 KEY POINTS of Service are here with relevant icons and descriptions.
4. Six examples giving more information about services, ease of use will go here with relevant icons and descriptions.
5. The footer area will contain an About Us Section, Blog Updates, and a Contact Form.

This is a super simple BASIC wireframe without a lot of detail or breadcrumbs, mouse-overs, processes, etc.

QUISQUE QUAM. ALIQUAM LECTUS
URNA, PORTA IN, VIVERRA EU,
